“Response has significantly increased capacity with understanding our positioning to the challenges we are facing. It improved our operational safety and contributed to our mission’s success.”

– St Paul Assistant Chief of Police during MN unrest

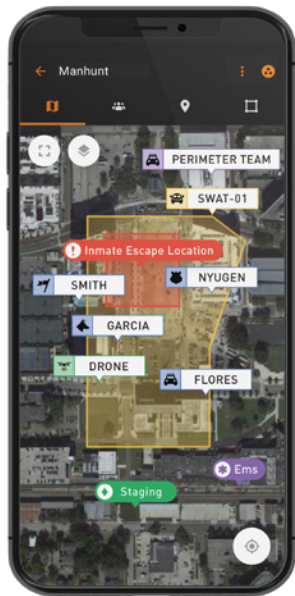

Platform Advantages

Decrease Response Times, Reduce Radio Traffic, Enhance Situational Awareness, Increased Responder Safety, Mutual Aid shared channels, Simplify IAP Planning and ICS Reporting.

LOCATE

Geo-spatial solution with feature rich mapping. Monitor location of all personnel, tagged assets, and markers in near real-time.

Features and Benefits

- Real-time GPS location of all team members.
- Reduce location radio traffic by 80%.
- Improved coordination with teams outside of the vehicles.
- Auto-Navigate to personnel and markers.
- UAV Drone, GPS trackers and WIFI beacon integrations.
- Manage multiple simultaneous operations.
- Plus: New Feature**
Marker Attachments – Attach up to 6 files to static markers

REPORTS

Simplify IAP Planning and ICS Reporting

A web-based system enabling teams to efficiently create and manage all ICS form reporting, sign-off, and FEMA submittal. Incident Action Plans are efficiently created and instantaneously shared, keeping personnel informed of the operational period's incident objectives, work assignments, available resources, and planned actions to achieve the goals.

Features and Benefits

- Quickly create, manage, share, and adapt ICS forms and Incident Action Plans as the incident unfolds.
- Reduce operating hour costs with ICS form automation.
- Download and collate ICS forms for faster reimbursement submissions.

MOBILE APP
COMING SOON

ACTIVATE

A simple-to-use web and mobile emergency notification and response team mobilization tool.

Features and Benefits

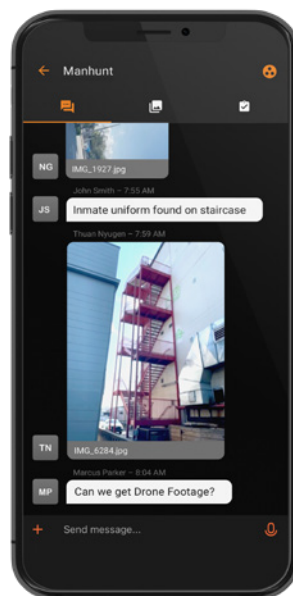

- Persistent and loud notifications ensure the responder gets the request.
- Overrides phone sleep and do not disturb modes.
- Receive critical information and auto-navigation to the incident.
- Plus: New Feature**
Mobile Activation – Activate teams from anywhere. Select your team, set up vital details and monitor who accepts or declines the activation
- Pair Activate with Locate:**
Once a responder accepts the Activation, their current location is now visible on the Locate map

CONNECT

A multi-layered collaborative workspace that provides highly secure team communications and sharing of digital content on demand.

Features and Benefits

- Highly secure multi-media sharing of text, videos, photos, and documents.
- Instant messaging with individuals or entire team.
- Collaborative documents and white boards.
- Automated Task Management.

Push-to-Talk Integration with Leading PTT Solutions

Evoke calls directly from personnel markers to individuals or ad-hoc group
Customizable PTT button location
